DETAILED ACTION

Allowable Subject Matter

1. Claims 25 – 27, 29 – 33, 35 – 40, and 42 – 44 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Kawahara discloses computing a ratio of Bayes factors (Section 3.1) however Kawahara does not disclose that the ratio is based on the intensity and shape data for two given models. Further, Brown discloses that objects are represented in terms of intensity (gray-level range) and shape among other items. But there is no motivation to combine these two teachings to reject claims 34 and 41.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
